Enrollment Trends: Data Analysis

- **By Employer and Product Characteristics:**
 - Funding type (fully- vs. self-insured)
 - Product type (e.g. HMO, PPO, Medicare Advantage)
 - Market sector (group size)

- **By Member Demographics:**
 - Gender
 - Age group
 - County

Enrollment Trends: Payer Data Verification

In late November, each payer will receive a data verification Excel workbook containing:

- Instructions and data verification checklist
- “Flat file” with aggregated data extracted from payer’s own MA APCD submission
- Pre-generated pivot tables set to report specifications and broken out by the fields to be verified
- Enrollment Trends data specifications and report programming code used to extract payer-submitted MA APCD data for analysis

Enrollment Trends: Payer Data Verification

- Payers should review all data trends for general reasonableness; give closer review to most recent quarters (not previously verified) and newly included fields
- Enrollment Trends staff available to answer questions and troubleshoot issues during bi-weekly calls or via email
- Please return data checklist to liaison by **December 21, 2015**
